

# PaintPro® Technology

PaintPro® Technology is a revolutionary development in cellular PVC trim. Engineered for paint, you can get right to painting without spending time sanding or priming. Fast dry times allow handling 30 minutes after painting, so you can paint before or after installation. It is virtually impervious to moisture; the trim stays strong without maintenance while paint goes on easily and bonds beautifully. PaintPro won't rot, crack, warp or chip and is backed by the AZEK Lifetime Limited Warranty.

AZEK® PVC Trim with PaintPro® Technology was engineered to be the lowest maintenance paintable trim in the market with superior paintability, fast dry times and long-lasting paint adhesion.

- **NO Sanding**
- **NO Priming**
- **30-Minute Dry Time**
- **Lifetime Limited Warranty**

#### Installation:

- Must be painted within 180 days after installation
- For lighter colors with a Light Reflective Value (LRV) 55 or greater: paint can be 100% acrylic latex exterior paint or a pre-set color from a paint formulated for vinyl siding
- For darker colors with LRV Less than 55: use pre-set color from a paint formulated for vinyl siding or a coating with solar/heat reflective pigments
- For custom colors, use a coating with solar/heat reflective pigments

## Painting Trim just got Easier

PVC Trim with PaintPro® Technology elegantly complements the entire exterior with long-lasting color and superior performance unmatched by competitors. Enhanced paintability combined with the workable, durable and moisture-resistant performance of traditional PVC trim makes PaintPro ideal for design flexibility. Whether painting trim to deliver a complementary color, matching a specific shade of white or painting trim dark colors to meet modern trends, the enhanced paintability of PaintPro makes it ideal to satisfy the design wishes of even the most discerning customer.

## A Superior Substrate for Painting Trim

Unlike other building materials, AZEK® Trim with PaintPro® Technology was engineered to be painted. Paint applies effortlessly with great coverage which saves time during installation and delivers beautifully finished trim.

### Great for Contractors

- **No prep needed for paint, just wipe clean**
- **Dries to be handled within 30 minutes**
- **Keep customers satisfied with low-maintenance painted finish**
- **Flexible, durable and lightweight material provides easier install**

### Great for Homeowners

- **Paint trim the perfect color to complement the home's siding**
- **Superior paint adhesion for long-lasting performance**
- **Less risk of paint chipping and peeling, reducing maintenance over time**
- **Add painted finish for elegant trim that pops with color**

## Reversible, Two-Sided Finish

Traditional Finish

Frontier Finish
